Corporate Officer (J. Winter)

STAFF REPORT TO COUNCIL

**Report Prepared By:** Erin Anderson, Director of Financial Services  
**Meeting Date:** April 7, 2020  
**File No:**  
**RE:** JAN – MARCH 2020 QUARTERLY UTILITY BILLING

**RECOMMENDATION:**

That Council determine if they wish to extend the due date for the Q1 (January – March 2020) utility bills.

**EXECUTIVE SUMMARY:**

The first quarterly billing for water, sewer and garbage is currently scheduled to be due May 28, 2020. A 10% penalty late fee is levied to outstanding amounts after this due date. Council could direct staff to adjust the due date to a future date by resolution, though Council must amend the Waterworks Regulation Bylaw 1999, No.1298 to change the penalty.

**PREVIOUS COUNCIL DIRECTION**

n/a

**INTRODUCTION/BACKGROUND:**

Each quarter, property owners are billed for their water, sewer and solid waste user fees. The fees for solid waste and sewer are flat fees; water is charged based on consumption. This is the first billing under the new rates that were adopted in December of 2019.

Staff have completed reading the water meters and are ready to bill. The due date for this billing is expected to be May 28, 2020. A 10% penalty is applied to the accounts where payment is not received by the due date.

The average single family dwelling would see a Q1 billing as:

Fund	Q1 Billing
Water	\$ 122.16
Sewer	90.56
Solid Waste	42.00
<b>Total</b>	<b>\$ 254.72</b>

This represents an increase of \$20.77 over the previous quarter rates.

The current billing and due-dates are:

<b>Quarter</b>	<b>Spanning</b>	<b>Due Date</b>
Q1	Jan - Mar	May 28, 2020
Q2	April – June	August 27, 2020
Q3	July – September	November 26, 2020
Q4	October – December	February 25, 2021

The local economy has been impacted greatly by COVID-19. Some organizations and senior governments are offering extensions to due-dates. Council can choose a different date for the quarterly bills, providing that property owners have at least 30 days to make payment. An amendment bylaw must be adopted if Council wishes to change the penalty of 10% for outstanding accounts.

**ALTERNATIVES:**

Council can choose to:

- Continue with the current due date of May 28, 2020
- Choose a different due-date
- Direct staff to prepare an amendment bylaw to adjust the 10% penalty to a 5%.

**FINANCIAL IMPLICATIONS:**

This billing is expected to be over \$821,000 (water \$285k, sewer \$400k, solid waste \$137k). This is the first billing with the new water and sewer rates.

The water and sewer utilities are separate accounting funds, meaning the monies earned in these funds remain with the fund and are not used elsewhere. There is enough monies in water reserves to manage the cashflows if Council chooses to defer the due date. There is less in the sewer reserves, meaning there would be an eventual cashflow issue in this fund. In such a case, cash from the other fund accounts would be “borrowed” to satisfy obligations, though it would eventually need to be paid back.

All potential deferrals (such as a property tax deferral) must be collectively evaluated to determine how long the Town could sustain operations before executing the Revenue Anticipation Bylaw.

**LEGAL IMPLICATIONS:**

n/a

**CITIZEN/PUBLIC RELATIONS IMPLICATIONS:**

Property owners have been querying staff regarding due-dates and potential penalties of not paying utility bills and property taxes.

**INTERDEPARTMENTAL INVOLVEMENT/IMPLICATIONS:**

n/a

**To:** Aaron Stone <astone@ladysmith.ca>; Donna Smith <dsmith@ladysmith.ca>  
**Subject:** LDHS request for Letter of Authorization to continue restoration work on heritage railway rolling stock

Dear Mayor Stone, Donna,

The Industrial Heritage Preservation Group of the Ladysmith and District Historical Society (LDHS) has, for the past several years, been working on restoration of railway rolling stock belonging to the Town of Ladysmith located at the former Comox Logging & Railway Co. railyard, 614 Oyster Bay Drive, Ladysmith.

This restoration work has been done with the approval and financial support of the Town of Ladysmith.

The LDHS would like to supplement monies to be provided by the Town of Ladysmith via a 2020 Grant in Aid (\$7500) for this activity by application to Heritage BC for a BC Heritage Legacy Fund matching grant.

A required supporting document for this grant application is a 'Letter of Authorization' from the owner of the heritage resource.

The LDHS would therefore like to request that the Town of Ladysmith provide to the LDHS a 'Letter of Authorization' from the Town for the LDHS to continue restoration of the railway rolling stock.

Yours sincerely,

Quentin Goodbody  
President LDHS

HERITAGE BC PROJECT 2020-03  
BC HERITAGE LEGACY FUND CONSERVATION PROGRAM GRANT APPLICATION  
BY LADYSMITH & DISTRICT HISTORICAL SOCIETY

SUPPORTING DOCUMENTATION: OWNER AUTHORIZATION

To whom it may concern:

The Town of Ladysmith, as owner of the heritage resources itemised below, authorizes the Ladysmith & District Historical Society to continue restoration work on these artifacts.

- 1923 Baldwin 2-8-2 Steam Engine # 57409 and Tender (Loc 11)
- 'The Humdergin' - a log unloader constructed in Ladysmith in 1947
- Logging industry 'flat car' for transporting logs
- Early 20th Century wooden CN Box Car # 516089

The Ladysmith & District Historical Society has since 2017 been working on restoration of these heritage artifacts with the permission and support of the Town of Ladysmith.

The Town welcomes any opportunity by the Ladysmith & District Historical Society to further this restoration effort through heritage grant applications.

Sincerely,

XXXXXXXXXXXXXXXXXX
